FOR THE YEAR ENDED DECEMBER 31, 2023

Approved by the Board of Directors on May 13, 2024

**Recipe Unlimited Corporation

1. REPORTING REQUIREMENT

This Report on Modern Slavery (the “Report”) is being prepared by Recipe Unlimited Corporation (“Recipe”) in compliance with its reporting requirements under the *Fighting Against Forced Labour and Child Labour in Supply Chains Act* (the “Act”).

2. CORPORATE STRUCTURE

Recipe was founded by the Phelan family in 1883 as the Canada Railway News Company Limited, and was incorporated as Cara Operations Limited in 1961. On May 11, 2018, Recipe changed its name from Cara Operations Limited to Recipe Unlimited Corporation. Recipe is a private company, with its registered and head office located at 199 Four Valley Drive, Vaughan, Ontario L4K 0B8. Recipe is a multi-branded restaurant, catering, and food manufacturing company that franchises and operates a number of restaurant brands.

This report will address the operations of Recipe as well as those of its subsidiaries which are subject to the reporting obligations under the Act, being Marigolds & Onions Ltd., Groupe St-Hubert Ltee, Original Joe’s Franchise Group Inc., and Keg Restaurants Ltd.

3. POLICIES AND PROCESSES RELATING TO FORCED AND CHILD LABOUR

This Report and Recipe’s Modern Slavery Policy and Partner Code of Conduct (each described in greater detail below), are consistent with Recipe’s Core Values, and specifically the value of Doing the Right Thing.

In 2023, Recipe issued a Partner Code of Conduct to over 350 suppliers, outlining our expectations and standards with respect to Trade Practices, Labour & Working Conditions, Ethics, Compliance, and CSR (the “Partner Code of Conduct”). The Partner Code of Conduct was introduced to clearly outline our standards to our partners, and ensure that our partners adhere to those same standards. It highlights Recipe’s commitment to avoiding any form of child labour, forced labour, modern slavery or human trafficking within our operations or supply chains.

We interact with our partners regularly to ensure that they are in compliance with the Act, and focus on partnering with suppliers who have their own anti-forced/child labour policies in place. Any potential breaches of the Act are brought to the offending partner’s attention and if such breaches are not immediately remediated, Recipe ceases to make purchases from the partner and seeks alternative sources of products from other reliable and sophisticated suppliers.

In 2024, we also prepared a Modern Slavery Policy (the “Policy”). This Policy provides concrete internal guidance regarding compliance with relevant child labour and forced labour legislation, and applies to all directors, officers, and employees of Recipe and of each of its subsidiaries. This Policy strictly prohibits any form of modern slavery in our operations or supply chains.

4. AREAS OF RISK AND REMEDIATION MEASURES

In our review of Recipe's various supply chains, we have determined that the primary areas that carry a risk of potential forced labour or child labour being used relate to Tier Two and Tier Three suppliers who sell fish and other seafood products. As we do not normally have direct contact with such suppliers, we work closely with our distributors and brokers who do and who understand the standard by which we expect all of our suppliers to conduct themselves. We do not tolerate the breach of any international or national laws against the use of forced or child labour, and we will not hesitate to terminate a business relationship with any supplier who fails to comply with the Partner Code of Conduct.

5. REMEDIATION OF LOSS OF INCOME

Recipe recognizes that efforts to prevent and reduce the risk of forced labour and child labour can have unintended consequences and contribute to a loss of income for vulnerable families. However, Recipe is not aware of any instances where its remediation efforts have resulted in, or contributed to, any loss of income for vulnerable persons.

6. TRAINING

In 2023, Recipe did not conduct formal training on modern slavery issues and preventative measures. However, Recipe's Modern Slavery Policy clearly sets out the expectation that all employees abide by child labour and forced labour laws, and establishes a channel for individuals to bring forward any concerns without fear of reprisal.

7. HOW WE ASSESS EFFECTIVENESS

As stated in this Report, Recipe regularly meets with its suppliers, distributors, and brokers to ensure that our partners' business practices reflect our commitment to effectively reducing the risk of modern slavery in our business and supply chains.

This Report was approved by the board of directors of Recipe pursuant to section 11(4)(a) of the Act.
